

Combination wrench, metric, BlackLaser, 2.5 x 63 mm

High-quality Wera offset wrench with color-coded, comfortable hose sheath. This means the tool is quickly to hand and the ergonomic and comfortable handle is easy on the hands, even at low temperatures. Hex key with Hex-Plus profile: Provides larger contact surfaces in the screw head. This reduces the notch effect to a minimum and virtually eliminates damage to the screw head. The ball on the long shank allows safe working even in difficult installation positions. The BlackLaser surface treatment ensures excellent surface protection, including against corrosion, and a long service life. Lasered and therefore abrasion-resistant size marking on the offset wrenches for quick access.

- Hex key for hexagon socket screws
- Hex-Plus makes hexagon socket screws last longer
- Color-coded, easy-to-grip hose sheathing, even at low temperatures
- With hexagonal ball head on the long shank
- Abrasion-resistant handle marking

Item no.	WL88993
Model	950 SPKS Multicolour
Manufacturer	WERA
Manufacturer article no.	05022671001
GPSR manufacturer data	WERA Werkzeuge GmbH Korzelter Strasse 21-25 DE-42349 Wuppertal-Cronenberg www.wera.de
Length	59 mm
Width	20 mm
Height	4 mm
Length with packaging	118 mm
Width with packaging	35 mm
Height with packaging	15 mm
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
VDE	no
ESD compliant	no
