

Hex key set, imperial, stainless steel, 9-piece

High-quality stainless steel offset wrench set for imperial hexagon socket screws from Wera. Stainless steel prevents the transfer of extraneous rust. The Hex-Plus profile offers larger contact surfaces in the screw head. This reduces the notch effect to a minimum and virtually eliminates damage to the screw head. With hexagonal ball head on the long shank: The spherical output profiles allow the tool axis to be deflected or swiveled in relation to the screw axis, so that screws can be screwed "around corners". Take it easy tool finder with color coding according to size. In a virtually wear-free angle wrench clip.

- Solution to the extraneous rust problem: screw stainless steel to stainless steel!
- Hex-Plus makes hexagon socket screws last longer
- With Take it easy tool finder: color coding according to size
- Color-coded, easy-to-grip hose sheathing, even at low temperatures
- Wear-free clip material for increased service life

Item no.	WL89070
Model	3950/9 Hex-Plus Multicolour Imperial Stainless 1
Manufacturer	WERA
Manufacturer article no.	05022860001
GPSR manufacturer data	WERA Werkzeuge GmbH Korzter Strasse 21-25 DE-42349 Wuppertal-Cronenberg www.wera.de
Length	240 mm
Width	97 mm

Height	32 mm
Length with packaging	240 mm
Width with packaging	97 mm
Height with packaging	32 mm
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
VDE	no
ESD compliant	no
Number of parts in the tool set	9-piece
