Cross-handle adapter screwdriver with ratchet function, 1/4", 1/4" x 45 mm

The integrated ratchet with fine toothing (80 teeth/reverse angle 4.5°) simplifies and speeds up screwing without tedious re-setting. The ratchet mechanism is fully embedded in the handle for very handy and comfortable working. With switch lever for convenient right/left direction change in one-handed operation. The ergonomic shape of the handle fills the palm of the hand well, the fingers lie securely in the softly rounded recessed grips. The whole hand is in contact with the handle, avoiding friction losses between hand and handle. ¼" nut holder with secure locking mechanism.

- The integrated ratchet with fine toothing ensures fast and safe working
- Shift lever for convenient right/left direction change
- Handy working thanks to ratchet mechanism fully embedded in the handle
- Ergonomic 2-component handle with finger grip recesses and pleasant feel for very high power transmission and fatigue-free working
- Quick-release sleeve for very high working speed

Item no.	WL89139
Model	411 A RA
Manufacturer	WERA
Manufacturer article no.	05023460001
GPSR manufacturer data	WERA Werkzeuge GmbH Korzerter Strasse 21-25 DE-42349 Wuppertal-Cronenberg www.wera.de
Length	110 mm
Width	100 mm
Height	23 mm
Length with packaging	246 mm
Width with packaging	89 mm
Height with packaging	62 mm
Sales unit	1 piece
