Hex key set with holding function, long, 9-piece

High-quality offset wrench set for internal TORX® screws. The holding function on the long leg holds screws securely on the tool. The BlackLaser surface treatment ensures excellent surface protection, including against corrosion, and a long service life. Lasered and therefore abrasion-resistant size marking on the offset wrench for quick access. In a practical clip made of wear-resistant material for a permanently secure hold of the offset wrench and easy removal.

- L-keys for internal TORX® screws
- With holding function on the long leg to hold the screw securely on the tool
- BlackLaser for high corrosion protection and long service life
- L-keys are quickly at hand thanks to their size marking
- Wear-free clip material for increased service life

Item no.	**WL89199**
Model	967/9 TX XL HF 1
Manufacturer	WERA
