

L-key set, long, 9-piece

High-quality offset wrench set for internal TORX® screws. Partly with ball head: The ball on the long leg allows safe working even in difficult installation positions. The BlackLaser surface treatment ensures excellent surface protection, including against corrosion, and a long service life. Lasered and therefore abrasion-resistant size marking on the offset wrench for quick access. In a practical clip made of wear-resistant material for a permanently secure hold of the offset wrench and easy removal.

- L-keys for internal TORX® screws
- With TORX® ball head on the long leg
- BlackLaser for high corrosion protection and long service life
- L-keys are quickly at hand thanks to their size marking
- Wear-free clip material guarantees secure hold of the offset wrenches and easy removal

Item no.	WL89209
Model	967/9 TX XL 1 TORX®
Manufacturer	WERA
Manufacturer article no.	05024460001
GPSR manufacturer data	WERA Werkzeuge GmbH Korzerter Strasse 21-25 DE-42349 Wuppertal-Cronenberg www.wera.de
Length	245 mm
Width	95 mm
