Hand-held bit holder with ratchet function, 1/4", 1/4" x 123.5 mm

Hand-held bit holder with intuitive ratchet function. The ratchet mechanism integrated in the handle with fine toothing (36 teeth/return angle 10°) simplifies and speeds up screwing without tedious re-setting. The "whirling" function speeds up work. The ratchet mechanism is fully embedded in the handle for very handy and effortless working. Ergonomic switching to right/left or 0 position. Kraftform Plus handle for ergonomic working, preventing blisters and calluses. Magnetic bit holder for bits with 1/4" hexagon drive to DIN ISO 1173-C 6.3 and E 6.3 (ISO 1173). The Rapidaptor quick-change chuck enables bits to be changed at lightning speed without an auxiliary tool. The strong permanent magnet holds the bits firmly in place.

- Bit holder with Rapidaptor quick-change chuck for bits with 1/4" hexagon drive to DIN ISO 1173-C 6.3 and E 6.3 and Wera connection series 1 and 4
- Ratchet mechanism integrated in the handle
- The integrated ratchet with fine toothing ensures fast and safe working

• High working speed: The ratchet mechanism can also be used to "twist" when fastening screws
• Ergonomic, intuitive switching to right/left or 0 position

Item no.	**WL89509**
Model	838 RA-R M
Manufacturer	WERA
Manufacturer article no.	05051493001
GPSR manufacturer data	WERA Werkzeuge GmbH Korzerter Strasse 21-25 DE-42349 Wuppertal-Cronenberg www.wera.de
Length	145 mm
Width	60 mm
Height	35 mm
Length with packaging	145 mm
Width with packaging	60 mm
Height with packaging	35 mm
Sales unit	1 piece
Content unit	1 piece
VDE	no
ESD compliant	no
Tool length	123.5 mm
