

Kraftform Kompakt 28 RA with bag, 6 pieces

Kraftform hand holder for 1/4" bits. The fine-toothed ratchet integrated in the handle ensures fast work. Switching the screwing direction is intuitive: If the ring switch is turned to the right, screws are screwed to the right, if the ring switch is turned to the left, screws are screwed to the left. For precise work, the ratchet mechanism can be deactivated with the 0 position. Includes 6 BiTorsion bits for a long service life, tough, for universal use; stored in the bit magazine integrated in the handle. The strong permanent magnet in the 1/4" bit holder ensures that the bit is held securely in place. The 2-component Kraftform handle with its combination of hard and soft zones enables firm gripping and precise work. With robust folding case, which can be attached to Wera 2go or to a wall, shelf or workshop trolley using the enclosed self-adhesive Velcro strip.

- The fine-toothed ratchet integrated in the handle ensures fast work
- The innovative ratchet mechanism enables simple "twirling". A real problem solver when the screw lacks resistance
- Intuitive switching: I switch to the right - I screw to the right, I switch to the left - I screw to the left

- Integrated bit magazine with 6x 25 mm bits
- BiTorsion bits

Item no.	WL89524
Model	Kraftform Kompakt 28 RA
Manufacturer	WERA
Manufacturer article no.	05051520001
GPSR manufacturer data	WERA Werkzeuge GmbH Korzerter Strasse 21-25 DE-42349 Wuppertal-Cronenberg www.wera.de
Length	75 mm
Width	168 mm
Height	54 mm
Length with packaging	75 mm
Width with packaging	168 mm
Height with packaging	54 mm
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
VDE	no
ESD compliant	no
Number of parts in the tool set	6-piece
