

Hexagon socket 4-in-1 bit 1, 3; 4; 5; 6 x 37 mm

Four different screw profiles (hexagon socket screws sizes 3.0; 4.0; 5.0; 6.0) can be operated with just one bit. Significant weight saving of over 50 %. The functionality of the large profiles is made possible by the spring-loaded small drives. The bit has a 1/4" hex drive (Wera connection series 1) and can therefore also be used with e.g. bit ratchets and bit hand holders with Rapidaptor.

- Innovative, extremely compact 4-way bit - just one bit for four different screw sizes
- Suitable for hexagon socket screws sizes 3.0; 4.0; 5.0 and 6.0
- Tough and hard, for universal use
- 1/4" hexagon drive (Wera connection series 1)

Item no.	WL90194
Model	9506 SB
Manufacturer	WERA
Manufacturer article no.	05073201001
GPSR manufacturer data	WERA Werkzeuge GmbH Korzelter Strasse 21-25 DE-42349 Wuppertal-Cronenberg www.wera.de
Length	165 mm
Width	60 mm
Height	9 mm
Length with packaging	165 mm
Width with packaging	60 mm
Height with packaging	9 mm
Sales unit	1 piece
Content unit	1 piece
Bit length	37 mm
VDE	no
ESD compliant	no
