

Bit-Check 6 Wood TX HF 1 SB, 6-piece

Bit set, particularly suitable for woodworking. Thanks to their special geometry, the 867/4 TORX® HF bits hold TORX® screws securely on the tool in accordance with the Acument Intellectual Properties specification! This is particularly helpful in hard-to-reach work areas where you cannot use your second hand to hold the screw. They are also suitable for Würth ASSY screws and Altenloh SPAX T-STAR plus screws. With Take it easy tool finder: color coding by size. The bit check provides a quick overview of the available tools. Bits that are not required are simply put back into the assortment and do not get lost. Easy to transport, e.g. in a shirt pocket. The Bit-Check can be set up at the workplace, ensuring quick access to the tools.

- Especially for wood applications
- For internal TORX® screws
- With holding function for TORX® screws
- Also suitable for Würth ASSY screws and Altenloh SPAX T-STAR plus screws
- 50 mm long bits

Item no.	WL90321
Model	Bit-Check 6 Wood TX HF 1 SB
Manufacturer	WERA
Manufacturer article no.	05073639001
GPSR manufacturer data	WERA Werkzeuge GmbH Korzelter Strasse 21-25 DE-42349 Wuppertal-Cronenberg www.wera.de
Length	176 mm
Width	92 mm
Height	15 mm
