Combination tap bit set, 8-piece

7-piece combination tap bit set from Wera in robust folding case 9570. 1/4" drive suitable for holders to DIN ISO 1173-D 6.3. With Rapidaptor quick-change holder for mounting in the screwdriver or for use in the chuck of the electronic drill. Very good power transmission due to hexagonal shank. HSS = high speed steel. Finely tuned material elasticity for long tool life. Very good centering properties. Problem-free cutting. Perfect chip removal. Low risk of jamming. Precise return guidance.

- Ideal for repair and assembly work in mobile applications
- Rapidaptor holder for quick bit change
- With 1/4" drive suitable for the screwdriver
- With Rapidaptor universal holder and combination tap bits with 1/4" drive
- In robust folding case with Wera 2go compatibility

Item no.	**WL90633**

Model	847/7
