

AirGuard Pro 700 full face mask, threaded universal connection, bayonet lock, orange

The AirGuard Pro® 700 is a high-quality, non-motorized full-face mask that has been specially developed for professional use in hazardous working environments. It provides reliable protection against vapors, gases, fine dust and other harmful particles. Thanks to its certified respiratory protection performance in accordance with EN 136:1998, it offers maximum protection and optimum wearing comfort.

Thanks to its large field of vision, ergonomic fit and durable materials, the AirGuard Pro® 700 is ideal for industrial use, the construction industry, the chemical and pharmaceutical industries and for work areas with high levels of pollution.

- Large, panoramic field of vision for maximum visibility
- Silicone face seal for a comfortable and tight fit
- Easily adjustable head straps for a secure fit without pressure points
- Certified to EN 136:1998 for tested protection quality

- Class III respiratory protection for professional use
- Effective exhalation valve to reduce breathing resistance
- Resistant to chemicals, heat and mechanical stress
- Easy to clean and designed for long-term use
- Material does not cause skin irritation or allergic reactions
- Full face mask with wide field of vision for optimum working conditions
- Effective protection against vapors, gases, fine dust and particles
- Ergonomic fit for comfortable wear even during long periods of use
- Easy cleaning and decontamination for hygienic, reusable protection

Item no.	WL91289
Manufacturer	DS SAFETY WEAR
