

Swivel arm with double hand rest for PHSEK preheating set

RHSD provides a support point for each hand, allowing a more relaxed working posture and reducing fatigue. It is perfect for precise work processes such as placing components, soldering, working with tweezers or feeding solder.

It includes the articulated right hand rest HRR and the articulated left hand rest HRL, allowing you to work with both hands simultaneously if required.

The base plate is also designed for use with the PHSEK preheating set.
