

## Swivel arm with double hand rest, table mounting

---

The RHTD offers a support point for each hand, enables a more relaxed posture and reduces fatigue. It is perfect for precise work processes such as placing components, soldering, working with tweezers or feeding solder.

It includes the articulated right hand rest HRR and the articulated left hand rest HRL, allowing you to work with both hands simultaneously if required.

The scope of delivery includes a flange that can be easily screwed onto the workbench.

Technical data:

- Height: 205 mm / 8.1 in
- Arm length: 498.1 mm / 19.6 in

Item no.

WL91905
