

Examination gloves Hygomed Rapid-On, blue, nitrile, powder-free, XL/10

Putting on disposable gloves with wet or sweaty hands? Hardly possible until now - but Rapid-On Med examination gloves make it easy. Thanks to the innovative Rapid-On technology, the nitrile gloves can be put on quickly and effortlessly even with wet hands - without tearing or tugging. A special multi-layer coating on the inside reduces frictional resistance and allows the gloves to be put on up to 50 % faster.

Rapid-On Med gloves are twice as quick to put on as conventional nitrile gloves, are tear-resistant, CE-certified (PPE category III) and comply with the Medical Device Regulation (EU) 2017/745. The lightweight nitrile ensures high wearing comfort, tactile sensitivity and precise work - ideal for emergencies, ward rounds or frequent glove changes.

- Twice as quick to put on as conventional nitrile gloves - ideal for emergencies, ward rounds or frequent glove changes
- no wear when putting on, tear-resistant even when used hastily
- easy to put on with wet or sweaty hands - no tugging, no time wasted.

- reliable protection in everyday medical use - CE-certified according to PPE category III (CAT III).
- meets the requirements of the Medical Device Regulation (EU) 2017/745
- Sensitive to the touch and comfortable to wear, lightweight nitrile
- enables precise work, e.g. when taking blood samples, changing dressings or performing examinations
- For single use only
- Resistant to chemicals, disinfectants, oils and greases

Item no.	WL91977
Model	Hygomed Rapid-On
Model line	Hygomed Rapid-On
Manufacturer	FRANZ MENSCH
Manufacturer article no.	270300
GPSR manufacturer data	Franz Mensch GmbH Werner-von-Siemens-Straße 2 DE-86807 Buchloe www.franz-mensch.de
Sales unit	1 PU
Content unit	100 piece
Manufacturer colour information	Blue
Colour	blue
Incl. battery	no
Type of gloves	long finger gloves
Material of the gloves	nitrile
Glove size	XL
Coating	Multi-coated
Powder-free	yes
Nubs	no
Properties	latex-free, food safe, tearproof
ESD compliant	no
