

Nitrile gloves Hygostar Rapid-On, blue, powder-free, M/8

Have you ever tried to put on disposable gloves with wet or sweaty hands? An almost hopeless undertaking - the gloves tear or are difficult to put on. This costs valuable time and causes unnecessary material loss. With the new Rapid-On nitrile gloves from Franz Mensch, this problem is a thing of the past.

Thanks to an innovative multi-layer coating, the gloves glide effortlessly over the hands, even when wet. Comparative tests prove this: They can be put on up to 50 % faster than conventional nitrile gloves. Rapid-On gloves are also particularly tear-resistant.

Rapid-On nitrile gloves combine maximum comfort with reliable protection. They are CAT3-certified, approved as a medical device, food-safe, powder-free and ambidextrous. The lightweight nitrile material is resistant to oil, grease, chemicals and solvents - ideal for professional use in medicine, the food industry or laboratories.

Experience a new dimension of efficiency, safety and comfort with Rapid-On nitrile gloves - for a smooth working day without compromise.

- Twice as fast to put on - compared to conventional nitrile gloves
- No tearing when putting on

- ideal for wet or sweaty hands - no annoying pulling or tugging
- reliable protection: CAT3-certified, approved as a medical device, food-safe
- comfortable to wear, lightweight nitrile
- for single use
- Resistant to oil and grease
- durable, resistant to chemicals and solvents
- powder-free, rolled edge, non-sterile, ambidextrous fit

Item no.	WL91982
Model	Hygostar Rapid-On
Model line	Hygostar Rapid-On
Manufacturer	FRANZ MENSCH
Manufacturer article no.	270356
GPSR manufacturer data	Franz Mensch GmbH Werner-von-Siemens-Straße 2 DE-86807 Buchloe www.franz-mensch.de
Sales unit	1 PU
Content unit	100 piece
Manufacturer colour information	blue
Colour	blue
Incl. battery	no
Type of gloves	long finger gloves
Material of the gloves	nitrile
Glove size	M
Coating	Multi-coated
Powder-free	yes
Nubs	no
Properties	latex-free, food safe, tearproof
