Cleanroom swab, 70 mm, foam, cleanroom class ISO 5, 100 pieces

This ESD cleanroom swab was developed for cleaning requirements in controlled cleanroom environments. The polyurethane foam head and antistatic polypropylene shaft make this swab particularly suitable for cleaning small, hard-to-reach areas, open grooves and recesses.
The spiral, tapered shape and the side edges of the tip provide additional cleaning performance while reducing the risk of contamination.

Areas of application
- Cleaning small open grooves and recesses
- Cleaning threads and hard-to-reach areas
- Cleaning camera lens surfaces and pipe connections
- Precise cleaning of sensitive components
- Suitable for cleanroom environments with defined cleanliness requirements

- Polyurethane foam head for picking up liquids
- Spiral, tapered tip for cleaning grooves, recesses and threads
- Thermally bonded construction - no adhesive contamination
- Free from sprayed carbon particles, metals and ionic antistatic contaminants
- Antistatic polypropylene shaft with chemical resistance
- Soft and lint-free, suitable for sensitive surfaces
- Antistatic packaging for added safety

Item no.	**WL92105**
Manufacturer	DS SAFETY WEAR
Manufacturer article no.	DEFS752
GPSR manufacturer data	DS SafetyWear Im Rohnweiher 14 DE-53797 Lohmar www.dssafetywear.de
Sales unit	1 PU
Content unit	100 piece
Total length	70 mm
Tip length	20 mm
Shaft diameter	2.5 mm
ESD compliant	yes
Diameter (tip)	3.8 mm
