ESD Zipper Sweatshirt Jacket, navy blue, S, Comfort Fit

The navy blue ESD zip-up sweatshirt jacket from Safeguard combines ESD protection with a comfortable unisex design. With a higher fabric weight of 300 g/m^2, this model offers improved comfort and a more pleasant fabric feel. The carbon fiber content has been increased to 10% from 4%; additionally, longer sleeves ensure an optimized fit. The premium quality is also evident in its durable and printable design, featuring cuffs and a hem. The comfort fit and modern cut ensure that the jacket drapes comfortably on the body without feeling stiff, while also keeping the wearer pleasantly warm. It is EPA-compliant and shrinks by only about 3–6% during the first wash. The long-sleeve sweatshirt features a stand-up collar, a high-quality zipper, and an ESD symbol on the left sleeve. It is made of 45% polyester, 45% cotton, and 10% carbon and is ESD-compliant and certified according to IEC 61340-5-1. The surface resistance (Rpp) ranges from 10^5 to 10^7 ohms.

- Premium quality
