ESD Zipper Sweatshirt Jacket, gray, XS, Comfort Fit

The gray ESD zip-up sweatshirt jacket from Safeguard offers a functional unisex design for working in ESD-protected areas. With a higher fabric weight of 300 g/m^2, this model provides enhanced comfort and a more pleasant fabric feel. The carbon fiber content has been increased to 10% from 4%; additionally, longer sleeves ensure an optimized fit. The premium quality is also evident in the durable and printable design featuring cuffs and a hem. The Comfort-Fit and modern cut ensure that the garment drapes comfortably on the body without feeling stiff, while also keeping the wearer pleasantly warm. It is EPA-compliant and shrinks by only about 3–6% during the first wash. Features include a stand-up collar, long sleeves, a high-quality zipper, and an ESD symbol on the left sleeve. The fabric blend of 45% polyester, 45% cotton, and 10% carbon enhances the garment's ESD properties. The sweatshirt is ESD-compliant and certified according to IEC 61340-5-1; the surface resistance (Rp) is 10^6 to 10^7 ohms on both sides.
