

ESD Sweatshirt, V-neck, gray, XS, Comfort Fit

The gray ESD sweatshirt from Safeguard is a functional unisex workwear garment for electrostatic-protected areas. With a higher fabric weight of 300 g/m², this model offers improved comfort and a more pleasant fabric feel. The carbon fiber content has been increased to 10% from 4%; additionally, longer sleeves ensure an optimized fit. The premium quality is further evident in its durable and printable design, featuring cuffs and a hem. The Comfort-Fit and modern cut ensure that the garment drapes comfortably on the body without feeling stiff, while also keeping the wearer pleasantly warm. It is EPA-compliant and shrinks by only about 3–6% during the first wash. It features a V-neck, long sleeves, and an ESD symbol on the left sleeve. The blend of 45% polyester, 45% cotton, and 10% carbon gives the sweatshirt its ESD properties. It is ESD-compliant and certified according to IEC 61340-5-1. The surface resistance (Rp) is 10⁶ to 10⁷ ohms on both sides.

- Premium Quality
- on the cuffs and hem
