ESD Sweatshirt, Crew Neck, Black, 5XL, Comfort Fit

The black ESD sweatshirt from Safeguard stands out as a simple, unisex style designed for use in ESD-protected work areas. With a higher fabric weight of 300 g/m^2, this model offers improved comfort and a more pleasant fabric feel. The carbon fiber content has been increased to 10% from 4%; additionally, longer sleeves ensure an optimized fit. The premium quality is also evident in the durable and printable design featuring cuffs and a hem. The Comfort-Fit and modern cut ensure that the garment drapes comfortably on the body without feeling stiff, while also keeping the wearer pleasantly warm. It is EPA-compliant and shrinks by only about 3–6% during the first wash. It features a crew neck, long sleeves, and an ESD symbol on the left sleeve. The fabric blend consists of 45% polyester, 45% cotton, and 10% carbon. The sweatshirt is ESD-compliant, certified according to IEC 61340-5-1, and has a surface resistance (Rp) of 10^6 to 10^7 ohms on both sides.

- Premium Quality
