

ESD Sweatshirt, Crew Neck, Navy Blue, M, Comfort Fit

The navy blue ESD sweatshirt from Safeguard offers a comfortable unisex design for ESD-protected work areas. With a higher fabric weight of 300 g/m², this model provides enhanced comfort and a more pleasant fabric feel. The carbon fiber content has been increased to 10% from 4%; additionally, longer sleeves ensure an optimized fit. The premium quality is also evident in the durable and printable design featuring cuffs and a hem. The Comfort-Fit and modern cut ensure that the garment drapes comfortably on the body without feeling stiff, while also keeping the wearer pleasantly warm. It is EPA-compliant and shrinks by only about 3–6% during the first wash. The long-sleeve model features a classic round neckline and is marked with an ESD symbol on the left sleeve. It is made of 45% polyester, 45% cotton, and 10% carbon. The sweatshirt is ESD-compliant and certified according to IEC 61340-5-1; the surface resistance (Rp) on both sides ranges from 10⁶ to 10⁷ ohms.
