

Cadre d'équipement pour circuits imprimés, max. 270 x 220 mm

PCB's holder for placing

- max working dimensions 270 x 220 mm
- designed to simplify placing and soldering of electronic components
- supplied with central and two sliding rails as standards
- additional rails may be added to accommodate a large number of small boards
- frame and lid assembly may be detached from the mounting base
- after mounting the components on the PCB's, the foam back lid is attached and closed, and the whole assembly is lifted and rotated for soldering
- ingenious design of the base permit an adjustable working angle on both side of the PCB's
- jig is varnished steel, and the component pressing foam is in conductive material

Numéro d'article	WL11946
Modèle	PCSA-1
Fabricant	SAFEGUARD
Données du fabricant du GPSR	Weidinger GmbH Hertha-Sponer-Str. 1a DE-82216 Gernlinden
Unité de vente	1 pièce
Unité de contenu	1 pièce
Batterie incluse	non
