

Miroir à souder à revêtement Teflon

The Weller welding mirror with Teflon coating offers a reliable solution for precise welding work. The high-quality Teflon coating ensures optimum heat distribution and prevents materials from sticking, which increases the longevity of the tool. Thanks to its robust design, the welding mirror ensures consistent performance even with intensive use. Developed for professional use, this product supports efficient work processes and contributes to quality assurance.

Pour protection anti-torsion W 101SP

Numéro d'article	WL16372
Modèle	T0051176799
Fabricant	WELLER
Numéro d'article du fabricant	T0051176799N
Données du fabricant du GPSR	WELLER Tools GmbH Carl-Benz-Strasse 2

Products for the electronic industry

DE-74354 Besigheim
