

Pince coupante en bout - tête droite pour travaux verticaux - hauteur de coupe réglable jusqu'à 5 mm

With protective stop screw

Variable cutting length (= V)

Interchangeable plastic stop protects the printed-circuit board against damage

Made from ESD-safe material to prevent damage to sensitive components

Special tool steel

1 Million Movements - Magic Spring™ design enables maximum durability with constant spring force movements

Precision - Experience precise cuts from the high-precision screw joint that enables a smooth action with no jaw overlap

Uncompromising Swiss quality created to be strong, durable and sharp

Strong and Sharp - Hand-crafted cutting edges for superior strength and sharpness

Comfort, Security and Grip - Ergonomically-shaped handles provide superior comfort and fatigue-free handling with Maximum Opening Stop Technology

ESD Safe - made from ESD-safe material to prevent damage to sensitive components
 Weller Erem® Cutters are designed to be strong, durable and sharp, having the highest precision available. Manufactured with uncompromising Swiss quality and created for worldwide applications, including electronics assembly and healthcare, Weller Erem Cutters are built to last. The signature high-performance cutters set the industry standard with features that include Weller Erem Magic Spring™ providing over one million consistent, precise and accurate movements, High-Precision Screw Joint, and Maximum Opening Stop Technology. Feel the difference with Weller Erem® – the proven choice. Every time. 1500 Weller Erem pneumatic side cutters are light and precise. Thanks to a selection of different cutting heads they can operate extremely versatile. The cutters are suitable for cutting conventional components, soft metals or small plastic parts. The cutting heads can be interchanged easily.

- Acier à outils spécial
- Sécurité antistatique
- Longueur de coupe variable (= V)
- Avec vis d'arrêt de protection
- Butée en plastique interchangeable protégeant la carte de circuit imprimé contre les endommagements
