Boîtier de douille

The T0058748806 socket housing from Weller is designed as a compatible accessory for a wide range of hand-held and soldering devices, including WSD151R, WSF81D, WHA900, WHA3000P, WHA3000V, WTCP51 and WAD101. It serves as a robust protection and connection unit, which ensures that the corresponding connectors are securely held and thus increases the reliability of the electrical connection.

The housing is made of durable materials that provide stable mechanical guidance and protection for the contacts. This extends the service life of the devices used and supports safe handling in everyday working life.

Supplied in multiple packs, the socket housing is suitable for stocking in workshops as well as for professional use in production and service areas where components need to be replaced quickly and reliably.

Numéro d'article	**WL17966**

Modèle	T0058748806
Fabricant	WELLER
Numéro d'article du fabricant	T0058748806
