

Protection pour les doigts pour fer à souder JBC IB 3210

The finger guard for JBC IB 3210 soldering irons offers optimum protection and comfort during soldering work. Developed for professional use, this finger guard ensures safe handling and minimizes the risk of burns. It is made of heat-resistant material and ergonomically adapts to the soldering iron without restricting freedom of movement. Ideal for precise soldering work, the finger guard ensures a longer service life for the tool and increases safety in the workplace. Perfect for use in demanding work environments.
