Set d’équipements complémentaires FE pour tube Ø 6,5 mm WXP 65

The FE retrofit kit tube Ø 6.5 mm WXP 65 from Weller offers an efficient solution for optimizing your soldering station. This high-quality accessory is specially designed for use with the WXP 65 soldering iron and enables precise and reliable soldering work. The tube with a diameter of 6.5 mm ensures optimum extraction of soldering gases, which contributes to a clean and safe working environment. The retrofit kit is easy to install and compatible with existing systems, making it a practical addition to your soldering tools.
compatible WX
Pour aspirer la fumée de soudage au niveau du fer à souder
