

Couteau de remplacement pour 12 11 180

The replacement cutter for 12 11 180 from KNIPEX impresses with its precise workmanship and high functionality. Developed for professional applications, this tool enables effortless and clean stripping of a wide range of conductors and strands. With interchangeable blades for four (matched to diameter) or six (matched to cross-section) different conductor cross-sections No damage to the conductor thanks to precisely ground shaped blades, even fine stranded wires are stripped gently Clamping jaws hold the wire firmly when stripping With adjustable length stop for equal stripping lengths when working in series A compression spring returns the pliers to the starting position The robust design and ergonomic shape ensure comfortable handling and a long service life. An indispensable tool for electricians, technicians and anyone who wants to carry out precise and efficient work in the field of cable processing.

- With interchangeable blades for four (matched to diameter) or six (matched to cross-section) different conductor cross-sections.
- No damage to the conductor due to precisely ground form blades, even fine-stranded wires are stripped gently

- Clamping jaws hold the wire firmly during stripping
- With adjustable length stop for equal stripping lengths in series work
- A pressure spring returns the pliers to their original position

Numéro d'article	WL34187
Modèle	12 19 180
Fabricant	KNIPEX
Numéro d'article du fabricant	12 19 180
Données du fabricant du GPSR	KNIPEX-Werk Oberkamper Strasse 13 DE-42349 Wuppertal-Cronenberg www.knipex.de
Longueur	45 mm
Largeur	25 mm
