

Testa di saldatura SMD CSF-Q

The CSF-Q SMD desoldering head from Weller is specially designed for precise and efficient desoldering of SMD components. With its high-quality workmanship, it ensures reliable heat transfer and thus enables gentle removal of sensitive components. The CSF-Q is compatible with the {{D}} series and is the perfect addition for demanding soldering work. Thanks to its robust design and easy handling, it is an indispensable tool for precise electronics repairs and assemblies.

per DS22 / DS80 / DSV80 / DSVT80 / DSVT80 / DSX80 / DSXV80

- X1 x Y1 = 17,0 x 17,0 mm
- richiede adattatore D = 11,0 mm e inserto di aspirazione
