

## Dissaldatore X-TOOL 2x60 W

---

---

The new Erska X-TOOL VARIO impresses with its highly efficient 150 W heating technology. The X-TOOL VARIO masters desoldering tasks where previous tools reach the limits of their performance with flying colors. The design of the heater and desoldering tips ensures efficient heat transfer to the solder joint and rapid removal of the extracted solder. For the user, the ergonomically shaped handle means relaxed working with a natural hand position. The slim shape of the heating head and soldering tip enables desoldering even on tightly fitted PCBs. The amount of solder taken up is visible at all times in the transparent solder container. This allows the user to empty the remaining solder as required in just a few simple steps. Like many other Erska soldering tools, the X-TOOL VARIO also contains a motion sensor so that the standby function and sleep mode can be optimally used to save energy and protect the desoldering tips. As with the tried-and-tested X-Tool, the desoldering tips on the X-TOOL VARIO are simply plugged in and can be changed very quickly.

- X-TOOL VARIO dissaldatore dell'i-CON 2 V, i-CON VARIO 2 e i-CON VARIO 4.
- Diametro interno punta dissaldante 1,2 mm

<b>Articolo n.</b>	<b>WL36512</b>
Modello	740EDJ
Produttore	ERSA
Codice articolo del produttore	0740EDJ
Dati del produttore GPSR	ERSA GmbH Leonhard-Karl-Strasse 24 DE-97877 Wertheim www.ersa.de
Unità di vendita	1 Pezzo
Unità di contenuto	1 Pezzo
Conforme alla direttiva RoHS	Sì
Potenza di riscaldamento	150 W
Voltaggio	24 V
Tempo di riscaldamento	35 s
Manipolo (tipo)	Dissaldatore
Intervallo di temperatura °C	150 – 450 °C
Supporto coordinato	0A56
Suggerimenti per l'abbinamento	742
Unità di controllo corrispondente	i-CON1V, i-CON1V0C, i-CON2V, i-CON2V0C, i-CON VARIO 2, i-CON VARIO 4
Conforme alle ESD	Si
