Pantofole ESD x-light, nero, misura 47

The ESD slip-on shoe x-light from ABEBA is designed for professional use in industry and electrostatically sensitive work areas. It meets the requirements of DIN EN 61340 and EN ISO 20345:2012 and, with safety class S2 and SRC certification, offers reliable protection in everyday working life.

The smooth black leather upper is hard-wearing and easy to clean. An integrated steel toe cap protects the toe area from mechanical impact. Inside, a breathable lining with silver ions ensures a balanced foot climate and helps to reduce odors.

The slip-resistant PU outsole ensures a secure grip on various surfaces, while the replaceable Active Comfort insole increases wearer comfort and can be easily replaced if necessary. The slip-on shoe is also suitable for orthopaedic insoles, which offers additional flexibility in use.

An elastic band in the instep area allows the shoe to be put on and taken off quickly and ensures a secure fit without lacing. The sanitized treatment supports hygienic conditions in the shoe and makes the model a practical solution for everyday use.
- CE, EN ISO 20345:2012, S2, SRC
- Conforme alle norme ESD secondo DIN EN 61340
- Trattati sanitizzati

Articolo n.	WL45851
Modello	7131137-47
Produttore	ABEBA
Codice articolo del produttore	7131137-47
