

Zestaw obudów do lutowania rozplwowego

The WRK set from Weller offers a 10 x 10 mm reflow housing that has been specially developed for precise soldering work. This set is characterized by its high quality and reliability, which are required for demanding soldering processes. The compact design of the reflow housing enables efficient heat transfer and ensures uniform solder joints. The WRK set is compatible with a wide range of soldering stations and is ideal for use in various industrial applications.

- 10 x 10 mm, 12,5 x 12,5 mm, 15,5 x 15,5 mm, 18 x 18 mm
- z zestawem ssącym Ø 4,5 mm T0058713799

Numer artykułu.	WL27237
Model	T0058761732
Linia modelowa	WRK
Producent	WELLER

Products for the electronic industry

Numer artykułu producenta.	T0058761732N
Dane producenta GPSR	WELLER Tools GmbH Carl-Benz-Strasse 2 DE-74354 Besigheim www.weller.eu
Zakres dostawy	1x WRK nozzle holder 1x reflow housing (1 x 33 x 33/27 x 27/24 x 24/20 x 20/15.5 x 15.5/12.5 x 12.5/10 x 10 mm each) 1 set of suction inserts Ø 4.5 mm 1 set of suction inserts Ø 10 mm 1x tripod pick-up
Jednostka sprzedaży	1 Zestaw
Jednostka treści	1 zestaw
Stacja (typ)	Stacja gorącego powietrza
Zgodny z ESD	nie
